its aspects. Siem Reap is definitely
the most popular destination, but
there is still so much to learn in
the surrounding area.

A resort
cannot help
but reflect
so much
generosity.

The lush and dominant tropical
landscape, is just softened
by the timeless smiles of the
inhabitants.

SONG SAA

Private Island

Cambodian luxury

Just in front of Sihanukville, a private island hosts the most exclusive resort in the country. It proposes sustainable luxury totally immersed in a tropical jungle which descends gently into the ocean.

Everybody knows by now that Asia is rapidly becoming the world's new rising star of the 21st century. From technology to fashion, from art to luxury holidays, Asia is where the party is. The Cambodians, of course, did not want to be excluded. They have developed the country's newest and most luxurious resort: Song Saa Private Island.

Situated on the island of Koh Oun in the warm tropical waters off the coast of southern Cambodia, about a three-hour drive from the capital, Phnom Penh, this breath-taking resort is now taking reservations. For those who are looking for something special, something different, something exclusive, Song Saa has it all.

The resort boasts three types of accommodation: Ocean-view Villas, Water Villas and Jungle Villas. The Ocean-view Villas give guests the opportunity to wake up in the morning and step right onto the candid white sand of this intimate paradise. For those who choose one of the Water Villas, which are built out over the ocean, the living room has a viewing area which permits you to observe the colorful fish playfully swimming in the azure water below. The Jungle Villas, on the other hand, are immersed in the most luxuriant vegetation found anywhere in Southeast Asia... and no little mischievous monkeys to steal your belongings.

At a resort, no stay could be complete without a spa experience. The Spa Sanctuary at Song Saa is guaranteed to please even the most demanding guests. After a friendly welcome, which includes delicious herbal teas, prepared therapists will massage your stressed body until you are transported to a realm of pleasure and tranquility.

Let's not forget to eat. There are various dining options at Song Saa. Whether you prefer exquisite Khmer specialties of traditional international fare, you can find it all at Vista, the principal restaurant at the resort. Oh, by the way, the view is to write home about.
