Island Life

Song Saa Private Island resort, a short boat ride from Cambodia's Sihanoukville, has introduced an island buyout experience for extra special celebrations and gatherings. No matter what the occasion is, you're sure to enjoy it in exclusivity by booking out the whole island, which has 25 villas and can accommodate up to 60 guests. The experience also includes culinary journeys into the resort's tasty offerings, as well as activity programmes to ensure you make the most of the stunning nature in the region. A minimum booking of three nights is required.
